

**I HAVE ALWAYS FELT LIKE AN ARTIST.** I began calling myself an artist at 6 or 7 years old. I have worked in many different mediums including jewelry making, pottery, drawing, and most recently- PAINTING. I have been so lucky to study in Big Sur with Ronna Emmons for the last 12 years. I have been inspired and painted with everyone showing on this gallery.

*"I feel that my whole life is ART, cooking, gardening, sewing, arranging my home, raising my kids, and my birth work is also my art"*

Blessed Be....  
may it continue.
